Book synopsis

As the «Orange Revolution» has shown, modern-day Ukraine has undeniably come a long way since the dissolution of the Soviet Union. This volume contains papers delivered at conferences about Ukraine held at the University of Fribourg (Switzerland) in 2001 and 2002. Supplementary articles have been solicited from recognized experts in the field to provide a comprehensive picture of a country in transition and to explain some of the challenges of Ukraine's «New Deal».
