

List of Figures

Figure 1:	The positioning of metatexts, texts, and subtexts in the scope of this analysis. Of importance is the question of how far the “Cinematic Reagan era” extends given the continuation of its constituent meta- and subtexts.	61
Figure 2:	Anonymous and faceless government agents on the hunt for E.T.’s spaceship.	116
Figure 3:	“This is my home!” Mary fails to protect her family from “big-government” intrusion.	122
Figure 4:	The totalitarian takeover of suburbia begins with uniformed scientists marching through the streets at sunset—the perfect Reaganite nightmare.	123
Figure 5:	“Be good.” Little Gertie (portrayed by Drew Barrymore) has learned her lesson in how to reunite the Reagan-era family.	138
Figure 6:	Harvey Gilbert chases David Levinson, who is on his bicycle. The competitive drive of Levinson’s private cable company leads to the decoding of the alien signal. In this movie, it proves lucky for humanity that Bill Clinton signed the Telecommunications Act of 1996.	165
Figure 7:	“America is committed to the world because so much of the world is inside America.” President Whitmore’s desk in the Oval Office.	176
Figure 8:	“If the woman can’t accept her subordination, she must be expelled from the narrative altogether ...” Marilyn Whitmore calls her husband a liar one last time.	180
Figure 9:	“Today we celebrate our Independence Day!” The coastal metropolis may have suffered, but, in the end, so-called “Middle America” has stood its ground against the foreign invasion.	187
Figure 10:	Rachel Dawes is held in a tight grip by the Joker. Her fearful expression is immediately succeeded by the Batman’s determined intervention.	216
Figure 11:	Brought to you by GCN—different layers of corporate and terrorist media spectacles converge in this shot.	232
Figure 12:	“Communism is neither an economic or a political system—it is a form of insanity—a temporary aberration which will one day disappear from the earth because it is	

contrary to human nature.” Reagan wrote this in his diary in 1975 (Kaufman, Robert G. 112–113). The irrationality of the so-called “free market” was again exposed in 2008 when large amounts of capital evaporated in virtually the same manner as in *The Dark Knight*. 241

- Figure 13:** Tony Stark arriving at Stark Tower with the Chrysler Building visible in the background. This is a fitting moment to recall the quote from Tyler Durden at the beginning of this section. 267
- Figure 14:** Loki during his attempt to usurp Stark Tower. 282
- Figure 15:** Natasha Romanoff closing the alien-invasion portal. 293
- Figure 16:** The ultimate “hard body” is on the side of the U.S.—the Hulk is beating Loki to a pulp. 303
